

Boys and Girls, this week we would have been on our Easter Holidays. Things will be a little different this Easter for us all, we are staying at home and keeping ourselves safe. We are all missing you, the teachers and your friends are doing lots of things at home too. We have heard of this nice idea, whenever anybody thinks of somewhere they would like to go, write it down and put it into a gift bag. When things get back to normal work your way through the suggestions.

If we had been in nursery we would have been learning about the life cycle of the chick and the shape oval.

Rhymes for this week would have been:

- Chick, Chick, Chick, Chick, Chicken
- Hickety Pickety, My Black Hen

These rhymes can be found on our website.

We would have been decorating eggs, painting eggs, etc. We would have been looking at different ways of cooking with eggs, sorting plastic eggs into cartons, sorting and matching patterns on egg shapes.

In nursery our garden would be in bloom with lots of lovely spring flowers. The teachers have been out in their gardens or on walks looking for signs of Spring. See if you can find any of the following and let us know how you get on.

- Flowers starting to grow
- Something rough, something smooth
- Buds growing on a tree
- 2 different types of birds
- A cloud, or blue sky
- Listen for a bird singing
- Someone cutting grass
- A mini-beast

Some Other Activities:

- Hard boil eggs and decorate when cold.
- Make lots of ramps in the garden to roll your eggs.
- Egg & spoon race
- Potato printing
- Bubble fun
- Make a card or picture for someone special

Lots of fun stories are available on [lovemybooks.co.uk](http://lovemybooks.co.uk)

Rainbows are currently being used as a sign of Hope. If you have drawn a rainbow, please post it on seesaw and we can make a collection to share with your friends.

Remember this is a difficult time for your child to understand what is going on ..... We have put some stories on the website to help explain COVID-19. MOST IMPORTANTLY-HAVE FUN TOGETHER
